## Manpukuji-temple and Green tea

It is the birthplace of culture of Green tea.

The exotic Chinese style temple

### Obakusan Manpuku-ji temple 11

Manpukuji-temple was built by Ingen, a Chinese Zen Buddhist monk as the head temple of Japanese Obaku Zen sect in 1661. Trainee monks (Unsu) are engaged in training day and night based on strict commandments in the vast precinct. The arrangement of Garan (monastery) that is collateral to the east and the west, which represents the characteristics of Ming era and Shing era, creates an exotic atmosphere.
