

The map displays a grid of numbered cells, likely representing a land use or planning scheme. The cells are labeled with numbers in the format 'XX-YY', where XX represents the horizontal coordinate and YY represents the vertical coordinate. The grid is primarily red, with a central section highlighted in blue. The map shows various urban features, including roads, buildings, and green spaces. The grid covers a large portion of the map, with some areas outside the grid visible at the bottom and right edges.
